

Long Point Corporation

Request for a Permit to Raise a Structure (LPC-4a)

P.O. Box 58, North Ferrisburgh, VT 05473
(802) 545-2067 / longpointcorp@gmavt.net

This permit is strictly for a vertical raise of the structure. It does not apply to any other interior or exterior construction that would otherwise require a full [Request for a Building Permit \(LPC-4\)](#).

Structures may not be moved horizontally in any direction.

Structures may be raised to an elevation such that the bottom of the first-floor joists are no higher than 105 feet above mean sea level.

Maximum elevation from the bottom of the first-floor joists to the roof peak remains at 25 feet.

The following items must be attached:

- Letter of intent outlining the intended changes to land, building, or systems, including a brief description of all work.
- Acknowledgements from every abutting neighbor and any neighbor whose view could possibly be affected by your proposed building plans. To ensure a positive outcome, it is better to notify *more* neighbors rather than too few.
- Include a check for \$50 and send to:

Long Point Corporation
P.O. Box 58, North Ferrisburgh, VT 05473
